

Tutorial 11 - AlphaFold2 & NLP

Kevin Dick, PhDc Biomedical Engineering
Carleton University

Friday 4th December, 2020

Disclaimer: Recorded Tutorials will be Publicly Posted

Goal: to create a companion series of applied machine learning tutorials for the 100MLB text, these tutorials will be publicly posted as a YouTube playlist. **Privacy Preservation:**

- Ask questions in the chat¹
- Keep video off

Note: If the above *hinders your ability to learn* \wedge *violates your privacy*, please let me/Dr. Green know ASAP and video will be post-processed accordingly.

¹I encourage unmuted/voice-based questions at any time, but know that this isn't explicitly privacy-preserving

leFinal Tutorial

All Good Things (Come to an End) - Nelly

It's Not Goodbye, It's See You Later

It's a dangerous business, SYSC4906, going out your door. You step onto the road, and if you don't keep your feet, there's no knowing where you might be swept off to.

ML Weekly

Recent news events from the ML community

1. (NLP) DeepMind's AlphaFold2 "Solves" a 50-year-old Grand Challenge in Biology

This is a Huge Deal!

1. Biggest advancement in **Structural Biology** in 20+ years!

This is a Huge Deal!

1. Biggest advancement in **Structural Biology** in 20+ years!
2. Biggest advancement in **Artificial Intelligence** in 20+ years!

This is a Huge Deal!

1. Biggest advancement in **Structural Biology** in 20+ years!
2. Biggest advancement in **Artificial Intelligence** in 20+ years!
3. **Prediction:** Candidate for the FIRST NOBEL PRIZE for a ML MODEL!

This is a Huge Deal!
